

Work Expectations Profile

Reducing Turnover and Increasing Productivity

Have you ever wondered what makes a good company great? It's the people. Committed, productive employees are key to organizational success and a healthy bottom line. The challenge, then, is retaining and developing satisfied, committed employees. The solution is *Work Expectations Profile*. Why? This engaging, self-directed learning instrument helps your employees understand and manage their work expectations. Research has shown that people who have clearly defined, well-communicated expectations have better attitudes and enjoy greater job satisfaction than people whose expectations go unspoken or unrealized. And companies that employ satisfied, successful people reap the rewards of increased productivity and reduced turnover.

Explore 10 Key Expectations

In a typical employment situation, certain expectations, such as salary, hours, and job duties, are clearly understood by both employer and employee. Other expectations, however, are so intimately linked to an individual's concept of work that they often go unspoken or unacknowledged. *Work Expectations Profile* helps people explore 10 work expectations that impact today's employment relationships: Structure, Diversity, Recognition, Autonomy, Environment, Expression, Teamwork, Stability, Balance, and Career Growth.
